

Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard 29 CFR 1910.1200. Standard must be consulted for specific requirements.

U.S. Department of Labor

Occupational Safety and Health Administration
(Non-mandatory Form)
Form Approved OMB No. 1218-0072

HMIS Ratings:

Health – 1

Flammability – 1

Physical Hazards - 0

Green Beast Glass Cleaner UC
GB# 39-3010, 39-3001, 39-3005, 39-3055

Manufacturer's Name: BioFusion	Emergency Telephone Number 201-447-6241
Address (Number, Street, City, State, and ZIP Code): 310 Godwin Ave	Telephone Number for Information 201-447-6241
Ridgewood NJ 07450	Date Prepared 02/05/2012
	Signature of Preparer (optional)

Section II – Hazardous Ingredients/Identity Information

No Hazardous Materials according Paragraph (g) of 29 CFR 1910.1200 of the Hazard Communication Standard

Composition: Water, bio-surfactants, non-ionic surfactants (wetting agents), preservative, food color, and fragrances with essential oils. Exact composition is proprietary.

Section III –Physical/Chemical Characteristics

pH of Ultra Concentrate	9.0	Specific Gravity (H ₂ O = 1)	0.9986 @ 60 F (ASTM D1298)
pH of Ready-to-Use	8.6		
Vapor Pressure (mm Hg.)	No Data	VOCS	0 g/L
Vapor Density (AIR = 1)	None	Evaporation Rate (Butyl Acetate = 1)	No Data
Solubility in Water 100% in water			
Appearance and Odor Blue and Eucalyptus, Fir, Lemon			

Section IV - Fire and Explosion Hazard Data

Flash Point (Method Used) No Flashpoint (ASTM D-92-05a)	Flammable Limits Non-flammable	LEL	UEL
Extinguish Media			
Special Fire Fighting Procedures: None: Non-flammable. (DOT: Non-hazardous)			
Unusual Fire Fighting Procedures: None			

Section V - Reactivity Data

Stability	Unstable		<u>Conditions to Avoid:</u> Temperatures above 45 C. pH below 3.5 and above 9.5 will affect the quality and condition of the product.
	Stable	X	
Incompatibility (Materials to Avoid) Caustics and strong bases will affect the quality and condition of the product.			
Hazardous Decomposition or Byproducts None			
Hazardous Polymerization	May Occur		Conditions to Avoid
	Will not Occur	X	

Section VI – Health Hazard Data

Route(s) of Entry: <u>Inhalation?</u> Results: no possibility of irritation; Non-Irritant; “No Warning Required” <u>Ingestion?</u> LD50- levels of 5000 mg/kg: No Effects, “No Warning Required” <u>Ocular?</u> BCOP Test, avg <i>in vitro</i> score of 8.2; Mild Irritant <u>Skin?</u> Corrositex Test: “Non-corrosive” expected Draize <i>in vivo</i> score between 1-25; “Minimal Irritation.”No Warning Required”. Repeated Insult Patch- No indication of irritation or sensitization; Non-Irritant; “No Warning Required”			
Health Hazards (Acute and Chronic): LC50- Level of 10,000 mg/kg: No Effects after 168 hrs; Non-Toxic; “No Warning Required”			
Carcinogenicity:	NTP?	IARC Monographs?	OSHA Regulated?
No components listed as known or suspected carcinogens.			NO
Signs and Symptoms of Exposure			
Medical Conditions- Generally Aggravated by Exposure			
Emergency and First Aid Procedures			

Section VII - Precautions for Safe Handling and Use

Steps to Be Taken in Case Material is Released or Spilled: Can be flushed down sewage systems with water. The product causes contaminants and other organic matter to accelerate biodegradation, thus returning to carbon dioxide and water. When disposed of in sewage systems, the product aids in safely breaking down pollutants already in the systems such as oil, fat and grease.
Waste Disposal Method: Can be flushed down sewage systems with water, in accordance with Local, State and Federal Regulations. Product is readily biodegradable (OECD 301B)
Precautions to be taken in Handling and Storing: Ship in containers that are either metal or plastic. Store below 45C as higher storage temperatures reduce the effectiveness of the product. Should not be stored close to caustics or strong bases.

Section VIII – Control Measures

Respiratory Protection (<i>Specify Type</i>): None		
Ventilation: N/A	Local Exhaust: N/A	Special: N/A
	Mechanical (<i>General</i>): N/A	Other: N/A
Protective Gloves: Not necessary but always recommended.	Eye Protection: None	
Other Protective Clothing or Equipment:		
Work/Hygienic Practices: Good industrial practices of hygiene and care are always suggested.
